

Low-Lite-Shoot Instructions To All Participants

Initial Warning Order:

Date: 18 November 2023 (i.e. minus 30 or plus 30 degrees);
Day: Saturday,
Time: 1600L – 1959L Shoots (Day & LLS)
2030ish BBQ with beverage of your choice -BYO
Cost: \$10 per shooter (includes Hot-Dog)
Free: Spectators (spouses/partners/kids of members) Hot-Dog will be \$5
Cash only – pay at the event at 1600L

Situation:

The Club provides a controlled Low-Lite-Shoot environment for KGAC Club Members only. No visitors allowed – shooters or spectators. Minors of members welcome (you know your kids best)!
Following the LLS there will be a social, the BBQ will be lit-up and the Lease gets shut-down. Both beverages are on a BYO basis
If you want more than a Hot-Dog (provided by the Club) bring your own steak;

Intent:

To provide all KGAC members an opportunity to familiarize themselves with the challenges of Low-Lite-Shooting conditions and implement safe-handling drills during a low-lite environment.

Organized events:

- MPR1: Dynamic Rifle – I/C DR-Chair;
- MPR2: Rifles - static firing line- I/C RSO;
- HG1: Hand-Guns – static firing line – I/C RSO;
- HG2: Dynamic Handgun – I/C DH-Chair;
- ~~Trap: Trap Shoot – I/C Trap Chair;~~
- ~~Archery: Archery – I/C Archery Chair;~~
- An event shooter can participate in more than one event BUT must conduct the day-shoots of all events in order to eligible for the LLS! Take your pick(s).

Organized-and-supervised shooting open to all members:

- MPR2: open for Club Members to shoot - under supervision of Assigned Duty-RSO;
- HG1: open for Club Members to shoot – under supervision of Assigned Duty-RSO;
- Members can go back-and-forth between the two ranges (MPR2-HG1) IF they participated in both ranges during day-time shooting hours and are on the RSOs-shooters-list; and
- All other Ranges will be closed as of 1530L.

Special:

- All shooters AND club-spectators MUST use Red Lite ONLY!;
I say again;
All shooters AND club-spectators MUST use Red Lite ONLY!;
- No other lite-color is allowed during the time of 1800L-1959L;
- No vehicle entry – due to white-lite after 1759L – into the Lease / Gate will be manned and any vehicle after 1800L will be denied Lease access – members-spectators can walk in (with red-lite-flash-lite) but ya ain't driving;
- FYI: The reason for this strict lite procedure is: It takes the average eye approx. 20-min-plus to readjust to low-lite conditions; and
- All shooters must participate in day-lite Live-Fire in “their-chosen-discipline-event” to be eligible for participation in a Low-Lite-Shoot. No exception.

How do I sign-up for this event:

Contact the relevant chair of the discipline you want to participate in – send the chair an e-mail.

Trap: trap@gac.ca Dynamic Rifle: dynamicroifle@kgac.ca Dynamic Handgun: dynamichandgun@kgac.ca Archery: archery@kgac.ca

Hand Gun & Rifle from Static-Firing-Lines (open to all members [ideal for minors]) Send an email to: ChiefRso@kgac.ca

RSO-help required:

1. The Chief-RSO will be taking the overall lead in this event;
2. In order to safely execute this event and meets its required safety-protocol and standards - the Club requires help from KGAC qualified Range Safety Officers
3. Duty from 1545L- till last shot is fired 2000L-ish (Range set-up is prior to 1545L and the RSO is responsible for the set-up);
4. RSO's will get a specific safety briefing from the Chief-RSO 1545L- and will be part of the Range-Safety-To All Participants 1600L as well as conducting their individual Range Safety Briefs at their assigned Range;
5. RSO's must maintain a written list (provided by Chief) who-participated in day-lite-hours vs Low-Lite-Shooting list;
 - All participating Discipline Chairs plus their 2 I/C's;
 - 1 x Lease-Gate-Duty RSO, sitting in vehicle blocking entrance 1759L - till last shot is fired 1959L;
 - 1 x MPR2 Duty-RSO;
 - 1 x HG1 Duty-RSO; and
 - 1 x Medic.

If you can help – pls contact the Chief-RSO at Chief-RSO@kgac.ca

Lite codes:

- Green glow sticks: Targets are illuminated with green glow-sticks at left-and-right-of-arc of each individual target; Metal Targets are illuminated in front of the target (at the base);
- Yellow glow sticks: Range Arc-Markers are illuminated with yellow-glow-sticks;
- Red glow sticks: Lease-Flag at the Lease entrance is illuminated with a red-glow-stick; Range-Flags are illuminated with red-glow-sticks; Firing-Point-Flags are illuminated with red-glow-sticks;
- Blue glow sticks: RSO's have 2 blue glow sticks (1-in-front & 1-in-the-back);
- Trap will use different means; (dimmed red-lite lites);
- All shooters must have a **head-lamp** with a red filter;
- **No hand-held-lite** - a shooter must use both hands when operating the gun or conducting Immediate-Action-drills during stoppages;
- Good gun control is using both hands!;
- White lite is allowed after 2000L or in case of a Medical Emergency – as per Range Safety Brief;
- Dry-firing on the unload drill is strictly enforced;
- Tracer rounds are allowed.

Safety is an individual responsibility. Anyone witnessing an unsafe act – Must stop it! Anyone can call STP STOP STOP

Timings

- 1600L Event-Range-Safety-Brief** – All personnel (**late commers equals non-shooters**) –
Location: outside of Club House
- 1610L Individual Range Briefs at active Ranges: MPR1, MPR2, HG1, HG2, Trap and Archery;
- 1620L Day Lite Shoots to be conducted – course of fire must be the same as Low-Lite-Shoot
RSO must do: Create a written mbr list of day-time shooters and compare list with participating
LLShooters;
Ensure each shooter demonstrates capability to switch to engage Red-Lite – without going to
white lite 1st;
- 1720L Break – prep for LLS
- 1745L Entire Lease on Red-Lite – violation of Red Lite Rule equals termination of the LLS by the guilty
operator;
- 1800L All Ranges illuminated including RSO's wearing yellow glowstick (1 front and 1 back);
- 1805L LLS-Range Safety Brief by Chief-RSO to all personnel;
- 1810L LLS-Range safety Brief at individual Ranges;
Dynamic Chairs only: Must execute 1-dry-run of the course of fire with ALL participants prior to
Conducting live-fire;
Enforce strict Red-Lite-Rule;
- 1959L Last shot fired;
- 2000L Case all guns and store in motor vehicles;
- 2005L Clean-up Ranges; and
- 2030L BBQ starts.
